

MASTER PLAN GUIDING PRINCIPLES

Constituent-Oriented

Locate departments and plan work spaces to best benefit the constituents the City serves.

Collaborative

Foster knowledge sharing and collaboration between departments.

Flexible & Future Proof

Plan for an unpredictable future through workplace flexibility and systems resiliency.

Equity & Inclusivity

Support goals of equity and inclusivity in the workplace.

Honoring Public Service

Create spaces that honor the dignity of public service.

Reflecting the Ideals of City Government

Through design, express transparency of government and pride of place.

Practical Planning, Sustainable Design

Leverage the City's existing assets before building new. Uphold the visionary goals of SustainaVille and Climate Forward.

Fiscal Prudence

Create the most value by making well-considered and well-timed investments into City buildings.
